

12° HISTORIC TRACK DAY

VARANO DE' MELEGARI, 7th JUNE 2024

GENERAL RULES

The track day will be divided up into various sessions.

The sessions are not competitive and there will be no SAFETY CAR on the circuit, unless of course in case of an incident.

Both driver and passenger must undersign the 'Disclaimer'. No driver/passenger will be admitted on the circuit unless they have completed the disclaimer form and handed it in at the sign-on procedure.

Each entrant will receive two number/sponsor stickers which must be applied on both sides of the car.

A small round sticker identifying the car's GROUP must be applied in a visible position at the front of the car to assist the track entry Marshall in identifying it.

Each driver will be given a colour-coded wristband identifying their group and this must be shown to the circuit entry marshal. This also applies to passengers in Group A.

In order to make your wait as brief as possible while signing-on, we advise downloading the disclaimer from our website www.bernimotori.com and filling out beforehand.

Drivers must wear a helmet and fireproof race suit. Passengers must also wear a helmet.

Cars which DO NOT HAVE A ROLL-BAR mounted will be grouped together in Group A.

Four sessions of approx. 30 mins. each are planned. The various groups will be decided once entries have been accepted, but broadly speaking will reflect power output.

Minors are not permitted either in the car or on the circuit.
