

## **9° HISTORIC TRACK DAY**

**VARANO DE' MELEGARI, 21ST JUNE 2019**

### **GENERAL RULES**

The track day will be divided up into various sessions. The sessions are not competitive and there will be no SAFETY CAR on the circuit.

Both driver and passenger must undersign the 'Disclaimer'. No driver/passenger will be admitted on the circuit without having presented the above on entry.

Each entrant will be given an event number/sticker to be applied on both sides of the car. A round coloured sticker identifying the car's group **MUST** be applied to the wind-screen or wind deflector on the front.

In order to make your wait as brief as possible while signing-on, we advise downloading the disclaimer from our website [www.bernimotori.com](http://www.bernimotori.com) and filling out beforehand.

Drivers must wear a helmet and fireproof race suit. Passengers must also wear a helmet.

Cars which **DO NOT HAVE A ROLL-BAR** mounted will be grouped in a class of their own.

Four sessions of approx. 30 mins. each are planned. The various groups will be decided once entries have been accepted, but broadly speaking will reflect power output.

Minors are not permitted either in the car or on the circuit.
